

HEALTH & SAFETY POLICY 2024

The Company Health & Safety policy is a stand-alone document, for which this information here given is a general statement.

In accordance with the Health and Safety at Work Act, and other related legislation, this policy has been prepared by and states the commitment of Central Industrial Services Limited to the provision of a safe and healthy working environment.

The company will ensure the health, safety and welfare of its employees and any other persons including the general public, who may be affected by its activities. In order to implement this policy, duties and responsibilities are delegated throughout the management structure as shown in the organisation chart, which is available for anyone on request.

The company will ensure:

The provision of a safe place of work, and working systems

Adequate protective equipment, clothing and welfare facilities

Adequate information and instruction

Appropriate training and supervision relevant to each specific work activity

Consultation of all Health & Safety matters with its employees. (Health & Safety - Consultation with Employees Regulations - 1996)

A Dangerous Goods Safety Adviser, appointed in accordance with the Transport of Dangerous Goods (Safety Adviser) Regulations – See Appendix below.

The company will provide adequate funds, staff and equipment to ensure safety requirements are met according to the current required standards and legislation.

The company considers that the prevention of accidents, work-related illness, and damage to property, is an integral part of its business.

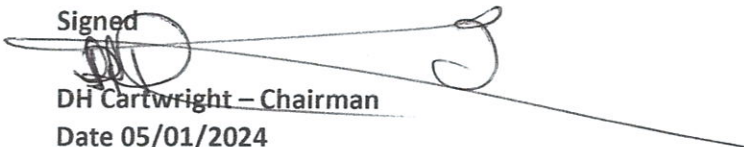

All employees have legislative responsibilities, to co-operate fully in the implementation of this policy, to follow safe working procedures and to fulfil the duty of care to themselves, other employees and non-employees, including the general public.

Every effort will be made to ensure compliance with statutory regulations, codes of practice and guidance notes applicable to the company's activities as identified in the company Health and Safety manual.

Safety performance will be monitored and the policy continually reviewed to take account of any changes and adverse trends, which may affect operations.

Health & Safety performance will be controlled by the company's Health & Safety manager & shall relate to environmental considerations, people concerns and customer commitment.

Signed

DH Cartwright – Chairman
